

Dkt. 60921-A/JPW/MVM

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant : Ira Tabas  
Serial No. : 10/767,749 Examiner: B.E. Bunner  
Filing Date : January 28, 2004 Art Unit: 1647  
For : METHODS FOR PREVENTING ACUTE CLINICAL  
VASCULAR EVENTS IN A SUBJECT

1185 Avenue of the Americas  
New York, New York 10036  
August 20, 2007

Mail Stop Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

INFORMATION DISCLOSURE STATEMENT

In accordance with their duty of disclosure under 37 C.F.R. §1.56, applicant directs the Examiner's attention to the following references which are listed on the attached Substitute Form PTO-1449 (**Exhibit A**). Copies of these references are attached hereto as **Exhibits 1-68**, respectively.

1. U.S. Application Serial No. 09/553,927 filed April 21, 2000, on behalf of Tabas et al. (now abandoned) (**Exhibit 1**);
2. U.S. Patent Application Publication No. US2003/0235878 A1 published December 25, 2003, on behalf of Tabas et al. (now abandoned);
3. PCT International Application No. PCT/US2001/012877, filed April 20, 2001, publication No. WO 2001/080715 A3, published

The subject application is a continuation-in-part of and claims benefit of U.S. Serial No. 09/553,927, filed April 21, 2000, and U.S. Serial No. 10/426,415, filed April 30, 2003, which claims priority of U.S. Provisional Application No. 60/376,984, filed April 30, 2002, and U.S. Provisional Application No. 60/494,721, filed August 11, 2003.

A copy of U.S. Serial No. 09/553,927 is attached hereto as **Exhibit 1**. An Office Action was issued on May 7, 2001 in connection with U.S. Serial No. 09/553,927. A copy is attached hereto as **Exhibit 60**. Above-listed references 72-80 were cited in the May 7, 2001 Office Action. Accordingly, under 37 C.F.R. §1.98(d) copies of these references are not required to be provided to the United States Patent and Trademark Office, since they were previously cited by the United States Patent and Trademark Office in an application relied upon for an earlier filing date under 35 U.S.C. §120. A Final Office Action was issued on March 8, 2002 in connection with U.S. Serial No. 09/553,927. A copy is attached hereto as **Exhibit 61**. An Advisory

Action was issued on September 9, 2002 in connection with U.S. Serial No. 09/553,927. A copy is attached hereto as **Exhibit 62**. An Office Action was issued on July 29, 2003 in connection with U.S. Serial No. 09/553,927. A copy is attached hereto as **Exhibit 63**.

U.S. Serial No. 10/426,415 is a published application listed above as reference 2. Accordingly, pursuant to 37 C.F.R. §1.98(a)(ii) a copy of this application is not required to be provided to the United States Patent and Trademark Office. An Office Action was issued on September 21, 2005 in connection with U.S. Serial No. 10/426,415. A copy is attached hereto as **Exhibit 64**. Above-listed reference 149 was cited in the September 21, 2005 Office Action. An Office Action was issued on March 24, 2006 in connection with U.S. Serial No. 10/426,415. A copy is attached hereto as **Exhibit 65**. Above-listed references 81-83 were cited in the March 24, 2006 Office Action. A Final Office Action was issued on October 4, 2006 in connection with U.S. Serial No. 10/426,415. A copy is attached hereto as **Exhibit 66**. Above-listed reference 84 was cited in the October 4, 2006 Final Office Action. Accordingly, under 37 C.F.R. §1.98(d) copies of references 81-84 and 149 are not required to be provided to the United States Patent and Trademark Office, since they were previously cited by the United States Patent and Trademark Office in an application relied upon for an earlier filing date under 35 U.S.C. §120.

Above-listed references 85-93 were submitted to and considered by the United States Patent and Trademark Office in an Information Disclosure Statement filed on April 16, 2001 in connection with U.S. Serial No. 09/553,927, filed April 21, 2000. Accordingly, under 37 C.F.R. §1.98(d) copies of these references are not required to be provided to the United States Patent and Trademark

Office, since they were previously submitted to or cited by the United States Patent and Trademark Office in an application relied upon for an earlier filing date under 35 U.S.C. §120.

Above-listed references 94-148 were submitted to and considered by the United States Patent and Trademark Office in an Information Disclosure Statement filed on September 4, 2003 in connection with U.S. Serial No. 10/426,415, filed April 30, 2003. Accordingly, under 37 C.F.R. §1.98(d) copies of these references are not required to be provided to the United States Patent and Trademark Office, since they were previously submitted to or cited by the United States Patent and Trademark Office in an application relied upon for an earlier filing date under 35 U.S.C. §120.

PCT International Application No. PCT/US2001/012877, filed April 20, 2001, is a related foreign application, which also claims priority of U.S. Serial No. 09/553,927, filed April 21, 2000. A copy of PCT International Application No. PCT/US2001/012877 is attached hereto as **Exhibit 2**.

An International Search Report was issued on December 19, 2003 in connection with PCT International Application No. PCT/US2001/012877, filed April 20, 2001. A copy of the Search Report is attached hereto as **Exhibit 67**. Above-listed reference 35 (copy attached hereto as **Exhibit 34**) was cited in the Search Report.

An International Preliminary Examination Report was issued on December 22, 2006 in connection with PCT International Application No. PCT/US2001/012877, filed April 20, 2001. A copy of the Report is attached hereto as **Exhibit 4**.

PCT International Application No. PCT/US2003/013164, filed April 30, 2003, is a related foreign application, which also claims priority of U.S. Provisional Application No. 60/376,984, filed April 30, 2002. A copy of PCT International Application No. PCT/US2003/013164 is attached hereto as **Exhibit 3**.

An International Search Report was issued on March 15, 2004 in connection with PCT International Application No. PCT/US2003/013164, filed April 30, 2003. A copy of the Search Report is attached hereto as **Exhibit 68**. Above-listed references 70 and 71 were cited in the Search Report. These references are published U.S. applications. Accordingly, pursuant to 37 C.F.R. §1.98(a)(ii) copies of these applications are not required to be provided to the United States Patent and Trademark Office.

Applicant requests that the Examiner review the documents listed above and make them of record in the subject application.

Pursuant to 37 C.F.R. 1.97(c)(2), the required fee for filing this Information Disclosure Statement is ONE HUNDRED AND EIGHTY DOLLARS (\$180.00) and a check for this amount is enclosed.

If a telephone interview would be of assistance in advancing prosecution of the subject application, applicant's undersigned attorney invites the Examiner to telephone him at the number provided below.

No fee, other than the enclosed \$180.00 fee, is deemed necessary in connection with the filing of this Information Disclosure Statement. However, if any additional fee is required,

Applicant : Ira Tabas
